DISCLAIMER AND NOTICES TO INVESTORS IN THE UNITED KINGDOM AND EUROPE

The following risks are a non-exhaustive list of risks associated with the Company, Investors should take independent financial advice prior to investing in the Company,

- Performance The performance of the Company would be adversely affected by a downturn in the UK property market in terms of market value or a weakening of rental yields.
- Operational Performance Both rental income and market value of the properties acquired by the Company will be affected by the operational performance of the properties or the related business being carried on in the property and the general financial performance of the tenants.
- Failure to Achieve Investment Objectives The ability of the Company to achieve its investment objectives depends on the ability of TPL to identify, select and execute investments which offer the potential for satisfactory returns. The underperformance of TPL could have a material adverse affect on the Company's financial condition and operations.
- Competition The Company may face significant competition from other UK or foreign property investors. The existence of such competition may have a material adverse impact on the Company's ability to acquire properties and to secure tenants for its properties at satisfactory rental rates and on a timely basis.
- Regulatory Compliance The Company cannot guarantee that the Group will maintain continued compliance with all of the REIT conditions. If the Company fails to maintain its REIT status, its rental income and capital gains may be subject to UK taxation which could have a material impact on the financial condition of the Company.
- Borrowing The Company intends to use borrowings to acquire further properties and those borrowings may not be available at the appropriate time or on suitable terms. If borrowings are not available on suitable terms or at all this will have a material adverse impact on the returns to Shareholders and in particular the level of dividends paid. Whilst the use of borrowings should enhance the NAV where the value of the Company's underlying assets is rising, it will have the opposite effect where the underlying asset value is falling. In addition, in the event that the rental income of the Company's portfolio falls for whatever reason, the use of borrowings will increase the impact of such a fall on the net revenue of the Company.
- Development & Maintenance Any development or refurbishment works may involve significant costs and may be adversely affected by certain restrictions. This could cause the resulting revenues to be lower than budgeted, and may cause the asset to fail to perform in accordance with the Company's investment projections, consequently impacting on the financial condition of the Company.

CASE STUDY – ACTIVE ASSET MANAGEMENT DRIVING RETURNS

Daneshill Industrial Estate, Basingstoke

What is it?

- Regional Distribution Centre totalling 113,300 sq ft on a six-acre site
- Situated less than two miles from J6 of the M3 motorway
- Lease term to Boots of <1.5 years at date of purchase who have been in occupation since 1989
- Passing rent of £5.74 per sq ft at date of purchase
- What have we done since purchase?
 - Understood the strategic importance of the warehouse for the operator servicing pharmacies, dispensing doctors and hospitals
 - In August 2019 agreed a 10-year lease renewal, with no breaks, at a 42% uplift to the previous rent paid, equivalent to £8.19 per sq ft
 - Renewal reflects the strong demand for high quality warehouses, and the shortage of alternatives, in this key distribution location as well as the importance of the unit to the tenant's supply chain
- What is the future?
 - Acquire freehold or extend long leasehold interest

Witan Park Industrial Estate. Witney

What is it?

- Multi-let industrial estate of 12 units totalling 112,200 sq ft located adjacent to the A40
- Strategic location 14 miles from Oxford with limited supply of warehousing
- What have we done since purchase?
 - Acquired the property on IPO with low average rents of £5.20 per sq ft
 - Received a surrender premium and dilapidations payment of £0.8m in April 2019 providing effective income cover in respect of the units taken back to early 2020
 - Currently investing c.£750k refurbishing 70,600 sq ft of vacant space

What is the future?

- Post refurbishment, returning the previously single let unit to a range of smaller units and securing new occupiers at higher rents
- Now quoting £8.25 per sq ft on smaller roadside units and £7.25 per sq ft on larger units
- Rebrand and reposition the estate with a redevelopment of Unit 4 to improve access and marketability of all units to drive ERV growth

CONCLUSIONS AND OUTLOOK

- Delivering consistent leasing outperformance
 - Like-for-like ERV growth of 1.2% in the period and 4.1% over the last year
 - 43 new lettings at 8.0% ahead of valuer's ERV delivering consistent leasing outperformance and building a track record of disciplined investment and planning gains
 - Implemented a positive strategy of accelerating asset enhancing capital expenditure driving ERV and valuation potential
- Looking forward
 - Market fundamentals remain supportive: strong demand from diverse occupier base - rental growth continues
 - Investment value less than replacement cost: economic buffer constrained supply
 - Opportunity to capture significant reversion across the existing portfolio
 - Increased scale provides improved operational efficiency and cost ratios
 - Portfolio well positioned to outperform the wider market (average rent of £5.47 per sq ft and capital value of £71 per sq ft)
 - Management shareholding of £19.9m provides alignment with shareholders: no performance fee
